# Chapter 1

## What is Property Collect?

**Property Collect** is Agoda's enhanced payment model that allows customers to pay directly to the property. There is no invoice process involved due to Agoda's offsetting system, which means that Agoda will deduct the commission for Property Collect bookings from Pay to Agoda (Prepaid) bookings.

### 3 easy steps to acknowledge your bookings in YCS

1

You will receive a booking notification for both *Prepaid* and *Property Collect* bookings

2

Acknowledge your booking in YCS

3

Manage all of your payments through one platform - ePass

## ePass Enhancements

### Where to start?

1. Log into YCS at <https://ycs.agoda.com> by entering your usual YCS log in details

The screenshot shows the YCS login interface. At the top, there's a header with the YCS logo, 'agoda.com', and a 'Login to YCS' button. Below this is a login form with fields for 'Username' (placeholder: 'Please enter your email') and 'Password' (placeholder: 'Please enter your password'). There's a 'Remember me' checkbox and a 'Login' button. A 'Forgot your password?' link is also present. To the right of the login form, a callout box shows the 'ePass' menu with options: 'Advance Guarantee Transactions', 'All Transactions', 'Current Transactions' (highlighted with a red circle), 'My Payment Accounts', and 'Remittances'.

### ➤ Current Transactions

- In the 'Current Transactions' page, this includes all bookings that are payable to you. The section is sorted by check-out date ascending.

Current Transactions

#### Booking Paid By

Here you can see whether you have to charge the customer directly (*Customer*) or Agoda sends you the payment (*Agoda*)

#### Collection amount

For bookings where you charge the customer directly, we will offset the collected commission amount in *negative* value. For bookings that you have to charge Agoda for, the amount will match the *Booking Value*

currency	Booking Value	Collection Amount	Booking Status	Approve	Dispute	Details
USD	100.00	100.00	Pending Departure	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
USD	120.00	-30.22	Pending Departure	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Total Approved Transactions: 4				Total Approved Amount: USD 119.78		
				<input checked="" type="button" value="Select all approved"/> <input type="button" value="Unselect all approved"/>		

The zero amount means a cancelled booking. The property can reconcile the payment by using the information provided in YCS

## ➤ Summary Transactions

- After clicking 'Select all approved' and 'next' on the *Current Transactions* page, the approved transaction will be shown in the 'Summary Transactions' page.

**NOTE:** Please ensure you have reviewed all transactions before proceeding.

## YCS New Features

### • Filter bookings by payment model function

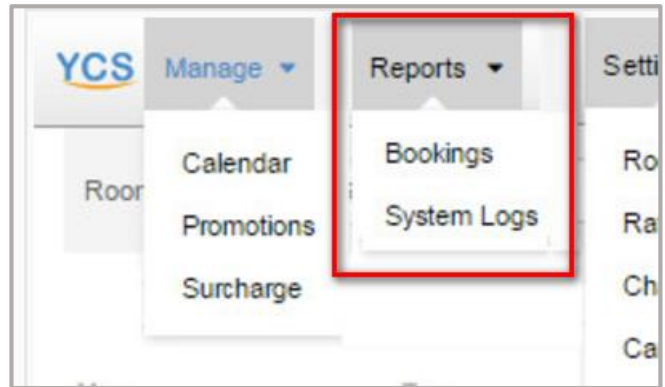

You are now able to view your booking history in YCS by filtering between payment models. These are defined by the following terms:

- Agoda Collect (The customer pays to Agoda)
- Host Collect (The customer pays to you directly)

The booking history in YCS will be kept for 6 months from the date of receipt of the booking.

1 Log into YCS at <https://ycs.agoda.com> by entering your usual YCS log in details

2 After you log in to YCS, you will see the 'Reports' tab at the top bar which contains 'Bookings' and 'System Logs'

3 Select 'Payment Model'

### Note

If you choose to view guest credit card, you will become responsible for collecting any cancellation fees should they occur. Agoda systems normally attempt to collect the cancellation fee from guest credit card on your behalf, but if you view guest credit card, Agoda systems will not attempt to collect any cancellation fees. This logic exists to avoid double-charging the guest.

## • Benefits of our new No-Show report function

This two-step function is to help our property partners report No-Show in a much faster and efficient manner. The system will automatically compute the No-Show charge for you.

The screenshot displays the YCS interface for a booking with ID 127674. The booking details show a stay from 29-Aug-2018 to 01-Sep-2018 for a guest named William. A modal dialog titled 'Mark as a No Show' is open, asking for confirmation to mark the booking as a No Show. The dialog has two buttons: 'Yes, confirm as a no show' (highlighted with a red box and a '2' in a yellow circle) and 'Cancel'. In the background, the 'Property Collect' section has a button 'Mark booking as no-show' highlighted with an orange box and a '1' in a yellow circle.

### 3 things to note while reporting No-Show

1

This button will be made visible 72 hours from the customer's check-in date

2

If the customer doesn't show up by midnight on the check-in date, you must log-in to YCS to report No-Show

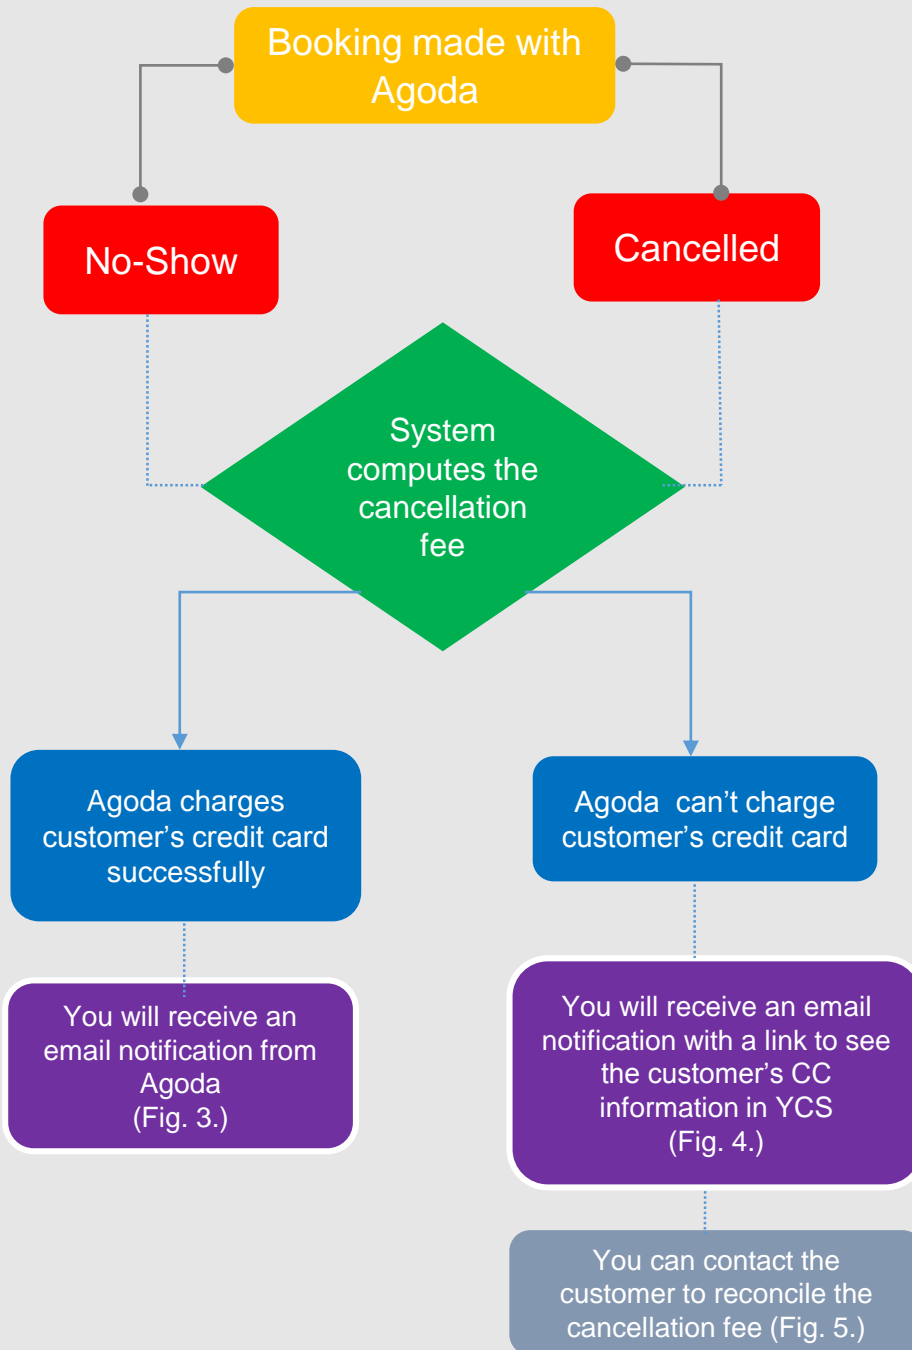

3

If you fail to report a No-show, the function will be greyed out and you have to contact Agoda's Customer Service to report it via [biz@agoda.com](mailto:biz@agoda.com)

## Chapter 5

# Cancellation Process

# FAQ

**Q: What is the difference between other OTA's pay at the hotel and Agoda's?**

*A: Agoda will not issue an invoice to collect the booking commission separately. What we do is offset the commission amount from your prepaid booking value.*

**Q: Is there a change in terms of commission level for 'Pay at the hotel' bookings?**

*A: Currently there is no change for commission level.*

**Q: Are there any changes on how the room is displayed on the website?**

*A: The customers will be able to see a 'Pay at the hotel' logo on the property page.*

**Q: What if the hotel fails to click report 'No-show' in YCS, what will happen next?**

*A: The No-show button will be greyed out if no action is taken from you within 24 hours from the check-in date(midnight). You are then required to contact Agoda's customer service to manually adjust the booking status.*

**Q: Is the No-show function available to all types of bookings?**

*A: Yes*

**Q: How does the hotel get the cancellation fee, if any?**

*A: Agoda will always try to charge the customers' credit card for the cancellation fee and you will be able to see this in ePass. Should we fail to charge the credit card, the customers' credit card details will be made visible in YCS and to be charged by the hotel.*

**Q: Who should I contact for help?**

*A: For general enquiries about Property Collect issues, please contact your market manager.*
